2. Format

2.1 General

- (i) Pennant is a Club team's match play competition played between Member Clubs of GWG.
- (ii) A pennant season consists of 'round robin' contests between Clubs followed by a Final.
- (iii) There will be 5 players per team. Weekend & Weekday competitions will play one (1) scratch and four (4) handicap matches.
- (iv) Individual match play matches will be played under the current R&A Rules Ltd *Rules of Golf*, these Conditions and any local rules/temporary local rules determined by the host club and/or the Match Committee to be applicable.
- (v) These Rules and Conditions are subject to any alterations deemed necessary by the Match Committee.

In addition:

The R&A Local Rule for **Accidental Movement of a Ball on the Putting Green** Rules 18-2, 18-3 and 20-1 are modified as follows:

When a player's ball lies on the putting green, there is no penalty if the ball or ball-marker is accidentally moved by the player, his partner, his opponent, or any of their caddies or equipment. The moved ball or ball-marker must be replaced as provided in Rules 18-2, 18-3 and 20-1.

This Local Rule applies only when the player's ball or ball-marker lies on the putting green and any movement is accidental.

Note: If it is determined that a player's ball on the putting green was moved as a result of wind, water or some other natural cause such as the effects of gravity, the ball must be played as it lies from its new location. A ball-marker moved in such circumstances is replaced."

2.2 Divisions

When it is determined that a Pennant competition requires separate divisions, the Match Committee will allocate clubs to those divisions according to the following principles:

- (i) For clubs that enter only one team these teams will be placed into Divisions based on a Nominal Handicap Range. The Nominal Handicap Range of Division 1 will be 0 to 20.0, Division 2 will be 20.1 to 45. These ranges will be reviewed each year by the Match Committee. Nominal Handicap Ranges do not apply to clubs that have a team in each Division.

2.3 Draw

- (i) The draw for each competition will be determined by the Match Committee.
- (ii) Unless determined otherwise by the Match Committee, each contest will be played at the venue and at times and from the tees specified in the draw.
- (iii) The host Club's official and/or Referee is to ensure that players are ready to move to the tee 10 minutes prior to the designated hit-off time.

3. Eligibility

3.1 Clubs

- (i) Each Member Club may enter more than one team in the pennant competitions.
- (ii) Clubs can form alliances to participate in the 2023 GWG Pennant competition.
- (iii) Each Club participating in any Pennant competition must be financial in accordance with the Rules of Golf West Gippsland Inc. prior to the first round of the season. Any club that

does not satisfy this requirement may be precluded from participating in that season's competition or forfeit contests played during the period it was unfinancial.

- (iv) Clubs to submit in writing when requested the number of teams they wish to enter to enable course bookings to be made.
- (v) Each Club must submit players names in handicap order and include Golf link numbers of all players, at a time determined by the Match Committee but not later than 2 weeks prior to the proposed start date of the Pennant season listed in the District's Calendar of Events.
- (vi) Access to the host Club's course needs to be restricted during Pennant tee times. Pennant contests are to have right of way.

3.2 Players

- (i) A player is eligible for Pennant if she is a financial member with playing rights of a GWG Club for a period of not less than 3 months prior to the first match.
- (ii) No player may represent more than one Club in any one season of Pennant.
- (iii) Players from Clubs who do not enter a team in a pennant competition in either Weekday or Weekend are eligible to join another Club as an "honorary member" for the duration of the pennant season.
- (iv) The penalty for an ineligible player competing in a pennant match is loss of the specific individual match.
- (v) It is the captain's/manager's responsibility to ensure that G.A. and Daily Handicaps of all players are correct on the day of play.

4. Contest Conditions

4.1 Movement of players between Teams

For clubs that have more than one team entered in the competition the following rules apply to the movement of players between teams:

- (i) For Club's that have two (2) or more sides in the same competition: The Club must nominate a pool of 4 players selected before the start of the Pennant Season being numbers 4 & 5 in team A and numbers 1 & 2 in team B who may change between teams. All other listed players must remain in the nominated team for the entirety of the pennant competition. This selection list must be sent to GWG Captain by no later than 7 days prior to the first round of the competition.
- (ii) Players must play in handicap order.
- (iii) A player must play one (1) game in a team to qualify to play Finals.

4.2 Team Lists

- (i) The captain/manager of each team must provide the opposing team with a list of team members in Daily Handicap order from the No. 1 (best) player to the No. 5 player, no later than 15 minutes prior to the scheduled hit-off time for the first match of the team's contest.
- (ii) Each host Club will provide guidance on whether there is a match play index to determine the daily player handicap or if players will use the Stableford card index. This will vary across the venues and is the responsibility of the captain/manager to check.
- (iii) The penalties for late or no submission of a team list in Pennant are as follows:

Team list not submitted:	Penalty:
After 15 minutes prior to scheduled hit-off time	The team's No.5 player will lose her match.
prior to scheduled hit-off time	The team will lose the contest.

4.3 Starting tees, late arrival, player substitution and walkovers

- (i) Contests will commence from the designated starting tees at the times and in the order listed on the draw unless otherwise advised by the Match Committee.
- (ii) It is a Condition of the Competition that a player will be at her starting tee, ready to play at their starting time. The starting time for the No 5 player, is the time listed in the draw, unless there has been a suspension of play, in which case the starting time is when play is resumed. The starting time for subsequent players is when the starter calls them to the tee. The penalty for breach of this condition is as specified in *Rules of Golf* - Rule 6-3a.
- (iii) Should a club's team have a sick, injured or absent player on the day of the contest and the player has informed officials of the special circumstances causing delay (refer Rules of Golf Rule 6.3a), the team list may be amended if a substitute is available, in any manner, prior to 10 minutes before the scheduled hit-off time for the first match of the team's contest. If officials have received satisfactory notice of when the player will arrive her match may be delayed but must be played within the teams allocated time slot. If the player has not informed officials then her opponent shall receive a walkover.
- (iv) No club is permitted to intentionally give a walkover in an individual game or a match unless with the approval of the Match Committee. Any club whose entire team forfeits a match for the benefit of an opposing team and without the approval of the Match Committee will lose 2 match points.

4.4 Honour, match duration and hit-off order

- (i) The order of play shall be determined by the toss of a coin. It is mandatory that the team winning the toss hit-off first. Players from the winning team have the honour on the designated starting tee in all matches.
- (ii) All matches will be played over eighteen holes match play from the tee markers as directed by the host Club. If a match is square after the completion of eighteen holes, the match will continue until one player secures the advantage. In a Pennant Final the captains of both teams may agree that a match may terminate without a winner if the contest is decided. In this case, the match is halved.
- (iii) Individual matches will be played in daily handicap order beginning with the No. 5 players and concluding with the No. 1 (best) players.
- (iv) Once play has commenced in any match, the penalty for any player playing in the incorrect team position is disqualification (loss of match).

4.5 Pace of play

- (i) All matches are expected to complete 18 holes in a maximum time of 3 hours and 45 minutes (12 and a half minutes per hole). In exceptional circumstances (such as extreme weather/playing conditions), the Match Committee has the authority to modify this time requirement.
- (ii) The first match of a contest will be considered to be out of position if at any point in the round the match is taking more than an average of 12 and a half minutes per hole to play.
- (iii) Any following match will be considered out of position if it
 - (a) falls a clear hole behind the preceding match; and
 - (b) is taking more than an average of 12 and a half minutes per hole to play.
- (iv) If a match is out of position, loss of hole penalties may be issued by either the host Club's official and/or referee or the Match Committee to an individual who, by their pace of play is responsible for such delay. Officials are not required to issue warnings prior to imposing penalties. If this occurs, the player may be required to appear before the Match Committee

before the next round of Pennant and may be subject to suspension from further match(es) in the current season.

Note: As part of implementing this condition and in the absence of mitigating circumstances, any match may be timed if it is out of position. From the commencement of timing, if any player exceeds 50 seconds on a 'first to play approach shot (including Par 3 tee shot), chip or putt', or 40 seconds if it is a tee shot or 'second or third to play shot', they shall be deemed to have had a bad time.

When Timing Commences: Other than on the putting green, the timing of a player's stroke will begin when it is their turn to play and they can play without interference or distraction. Reasonable time spent by the first player to play in determining their yardage will not count as time taken for the next stroke.

On the putting green, the timing of a player's stroke will begin after a player has been allowed a reasonable amount of time to mark, lift, clean and replace their ball, repair ball marks and remove loose impediments on their line of putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.

If both players in a match are equally contributing to an unacceptable pace of play, they may be 'walked' a hole(s) until they are considered to be in position. If this occurs, both players may be required to appear before the Match Committee before the next Pennant round and may be subject to suspension from further Pennant match(es) in the current season.

- (v) Repeated infringements of the Pennant pace of play requirements in the current season may be referred to the Match Committee and may see a player subject to further action in accordance with the GWG's Code of Conduct (Women's pennant)

4.6 Suspension of play and abandonment of contests

- (i) In the event of heavy rain, lightning, fog, extreme heat, unplayable course conditions, extreme wind making play dangerous or for any other reason, the Match & Play Committee of the host club will be responsible for deciding whether to suspend or resume play.
- (ii) If or when a course is declared playable by the host Club then play must proceed. Any team not wishing to proceed when the course has been pronounced playable will forfeit the contest and match points will be awarded to the opposing team.
- (iii) Where games have not commenced:
 - (a) If the course is declared unplayable by the host club then play will be suspended for up to 1 hour, during which time the conditions will be reassessed. If at the end of 1 hour the course is still unplayable then all matches will be cancelled. If matches are cancelled then points will be split and 1 point awarded to each participating team. No points will be awarded to a team who has a bye.
- (iv) Where games have commenced:-
 - (a) The signal for suspending play will be three short siren blasts or other such warning as specified by the host Club. The procedure when play is suspended is outlined under *Rules of Golf* Rule 6-8b.
 - (b) The host Club will suspended play for up to 1 hour, during which time the conditions will be reassessed. If at the end of 1 hour the course is still unplayable then all matches will be cancelled. If matches are cancelled then points will be split with 1

point awarded to each participating team. No points will be awarded to a team who has a bye.

- (c) When the course is ready for play, players will be advised to return to their various locations. The signal for the resumption of play will be one long siren blast or other such notification as specified by the host club. Every effort should be made to complete all contests on the scheduled day. If the Match & Play Committee of the host Club determines that completion of Pennant is not possible on the scheduled day the round will be abandoned and the points will be split with 1 point awarded to each participating team. No points will be awarded to a team who has a bye.
- (v) In the event of a forecast temperature of 30 degrees Celsius or over at 7pm on the evening immediately prior to the scheduled day of play the Match Committee has the authority to start the competition up to 1 hour earlier than the designated start time. If by 7pm on the evening immediately prior to the scheduled day of play the forecast temperature is 35 degrees Celsius or higher the Match Committee has the authority to cancel the competition. Points for this round will be split with 1 point awarded to each team scheduled to play. No points will be awarded to a team who has a bye.

- (i) Players are permitted to practise on the course on the day of competition prior to the commencement of their matches.
- (ii) Following the commencement of their matches, players may practise in accordance with *Rules of Golf* Rule 7-2.

- (iii) A player can only have one caddy at a time.

4.9 Distance Measuring Devices

A player may obtain distance information by use of a distance-measuring device. If during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect her play (e.g. elevation changes, wind speed, etc.), the player is in breach of *Rules of Golf* Rule 14-3, for which the penalty is loss of hole for the first breach and disqualification for any subsequent breach.

- (ii) Players and/or caddies are permitted to make phone calls from the course to the clubhouse or to Pennant officials for rules and/or emergency assistance.
